## PROJECT

- **Parth Plasto Pack (HTML5, JavaScript, CSS3)**

Established a responsive website for Parth Plasto Pack, a private limited company, as part of a freelancing project. Focused on front-end development using modern web standards and writing clean, maintainable code.

- **Champion Squared (One For All) (Flutter)**

Designed all pages and created comprehensive documentation for a multifunctional Flutter web application that handles bookings, orders, sales, and purchases. Collaborated with the team to ensure smooth user experience and scalability.

- **Travel App (Flutter Web Application)**

Contributed to the design, documentation, and payment gateway integration of a travel booking website. Users can book tickets for buses, trains, and flights through a unified interface.

- **Stock Market Management System (.NET)**

Developed a desktop application for managing stock sales and purchases, allowing companies to list stocks and customers to buy/sell at any time.
